## **General Databases**

### **Eurostat**

*Description:*

Eurostat is the statistical office of the European Union. It provides the EU with statistics at the European level that enable comparisons between countries and regions. Data is provided by the following themes:

- General and regional statistics
- Economy and finance
- Population and social conditions
- Industry, trade and services
- Agriculture and fisheries
- External trade
- Transport
- Environment and energy
- Science and technology

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://www.ec.europa.eu/eurostat>

### **UN Statistical Office**

*Description:*

Provides a global centre for data on international trade, national accounts, energy, industry, environment and demographic and social statistics gathered from national and international sources. Its search engine undata compiles statistics from various partner organisations of the UN (<http://data.un.org>).

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://unstats.un.org>

### **Africa Development Indicators**

*Description:*

Detailed collection of data on Africa, containing over 1,600 indicators, covering 53 African countries and spanning the period 1961 to 2008. Data include social, economic, financial, natural resources, infrastructure, governance, partnership, and environmental indicators. Data are drawn from World Development Indicators and other sources.

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://data.worldbank.org/data-catalog/africa-development-indicators>

### **Afristat**

*Description:*

Afristat provide macroeconomic data of its member states by the following themes:

- Climate
- Demography
- Education and health
- Economic activities
- Trade
- Prices
- Finance
- Transport and Telecommunications
- Tourism and Environment

Comment: Website and data is only provided in French.

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://www.afristat.org>

### **Bloomberg Finance**

*Description:*

Bloomberg is the standard for financial information. It contains information of the following types:

- Equity
- Bonds
- Mergers & Acquisitions
- Ratings
- News
- Currencies
- ETFs

*Data Classification:*

Quantitative

*Access:*

The Bloomberg terminal can only be accessed on campus at room B1-14. The following link will provide you with instructions concerning the booking procedures and handling of the terminal:

[http://www.eur.nl/edsc/english/databases/financial\\_databases/bloomberg/](http://www.eur.nl/edsc/english/databases/financial_databases/bloomberg/)

*Link:*

<http://www.bloomberg.com> provides financial news and current market data.

### **BoardEx**

*Description:*

BoardEx contains data from publicly listed companies about their board members, financial data such as compensation, but also CVs of board members. The emphasis lies on companies from Western-Europe and the United States.

*Data Classification:*

Quantitative and Qualitative

*Access:*

BoardEx uses a username/password combination to get access. You can retrieve this information with your ERNA credentials under the following link:

[http://www.eur.nl/edsc/english/databases/financial\\_databases/boardex/](http://www.eur.nl/edsc/english/databases/financial_databases/boardex/)

*Link:*

<http://www.boardex.com>

## **Business Monitor Online**

*Description:*

Business Monitor Online is a diverse source with macroeconomic, sector, industry and political information. The information is about 175 countries and regions.

Additionally, analyses, raw data and forecasts are provided.

*Data Classification:*

Quantitative and Qualitative

*Access:*

Database needs to be accessed via the university library website and the VPN needs to be activated.

*Link:*

<http://www.eur.nl/ub/english/>

## **Company.info**

*Description:*

Database offers scanned annual reports, company accounts and information on the Boards of Directors.

*Data Classification:*

Quantitative and Qualitative

*Access:*

VPN connection needs to be activated. License is limited to the top 50,000 companies.

*Link:*

<http://company.info>

## **Compustat**

*Description:*

- 1.) Compustat global: Company accounts of more than 12,000 companies in more than 70 countries. It provides the annual and quarterly income statement, balance sheet, statement of cash flows and supplemental data items on most publicly held companies. In addition, files also contain information on aggregates, industry segments, banks, market prices, dividends, and earnings.
- 2.) Compustat North America: Provides the same information as Compustat global just for 24,000 American and Canadian companies.
- 3.) Compustat ExecuComp: Contains information about salaries of the Boards of Directors of American stock-market listed companies.

*Data Classification:*

Quantitative

*Access:*

All Compustat databases are part of the Wharton Research Data Service (WRDS). Your VPN connection needs to be activated. When following this link (<http://wrds-web.wharton.upenn.edu/wrds/connect/>) you need to enter your student email. Afterwards a respond will be sent with a day pass code for access. More information is provided here:

[http://www.eur.nl/edsc/english/get\\_started/annual\\_report\\_data/compustat\\_global/](http://www.eur.nl/edsc/english/get_started/annual_report_data/compustat_global/)

Link:

<http://www.compustat.com>

## **Datamonitor**

*Description:*

Datamonitor offers market and sector reports by region or country, including forecasts. It also contains business information, often analysed with SWOT, and country reports. Its orientation is worldwide.

*Data Classification:*

Quantitative and Qualitative

*Access:*

VPN connection needs to be activated.

Link:

<http://360.datamonitor.com>

## **Datastream**

*Description:*

Datastream contains economic and financial data from e.g. IMF, OECD, national governments, the Deutsche Bundesbank, and stock market worldwide. Datastream Navigator is the tool for finding codes for databases and series.

*Data Classification:*

Quantitative

*Access:*

Type in your ERNA credentials under the following link and you will be provided with a username and password:

[https://sso.eur.nl/opensso/UI/Login?realm=Erasmus&goto=http://www.eur.nl/login/?redirect\\_url=/edsc/nederlands/databanken/financiele\\_databanken/wachtwoord\\_dsnavigator/](https://sso.eur.nl/opensso/UI/Login?realm=Erasmus&goto=http://www.eur.nl/login/?redirect_url=/edsc/nederlands/databanken/financiele_databanken/wachtwoord_dsnavigator/) . Next, use these to login at <http://product.datastream.com/navigator/> . VPN

connection needs to be activated. Further information on how to use Datastream can be found here:

[http://www.eur.nl/edsc/english/get\\_started/stock\\_prices/datastream/datastream\\_navigator/](http://www.eur.nl/edsc/english/get_started/stock_prices/datastream/datastream_navigator/) .

Link:

<http://product.datastream.com/navigator/>

## **Euromonitor**

*Description:*

Euromonitor is an international marketing database with information about:

- Markets (consumer lifestyle, industrial sectors)
- Companies (financial indicators, CEOs, products, brands, and market shares)
- Countries (social economic figures)

Furthermore it contains a large selection of market reports.

*Data Classification:*

Quantitative and Qualitative

*Access:*

VPN connection needs to be activated.

*Link:*

<http://www.portal.euromonitor.com/portal/server.pt>

### **Gartner Online**

*Description:*

The Gartner database contains research reports on information and communication technology.

*Data Classification:*

Qualitative

*Access:*

VPN connection needs to be activated.

*Link:*

<http://www.gartner.com/>

### **IMF Library**

*Description:*

The IMF's eLibrary simplifies analysis and research with direct access to the IMF's periodicals, books, working papers and studies, and data and statistical tools. You will find information and perspectives on macroeconomics, globalization, development, trade and aid, technical assistance, demographics, emerging markets, policy advice, poverty reduction, and more.

*Data Classification:*

Quantitative and Qualitative

*Access:*

Freely accessible

*Link:*

<http://www.beta-elibrary.imf.org/>

### **Global Development Finance Online**

*Description:*

Financial flows, trends in external debt, and other major financial indicators for developing countries. It includes over 200 time series indicators from 1970 to 2009, for most reporting countries.

*Data Classification:*

Quantitative and Qualitative

*Access:*

Freely accessible

*Link:*

<http://data.worldbank.org/data-catalog/global-development-finance/>

### **Global Economic Monitor**

*Description:*

Provides daily updates of global economic developments, with coverage of high income- as well as developing countries. Daily data updates are provided for exchange rates, equity markets, interest rates, stripped bond spreads, and emerging market bond indices. Monthly data coverage (updated daily and populated upon

availability) is provided for consumer prices, high-tech market indicators, industrial production and merchandise trade.

*Data Classification:*

Quantitative and Qualitative

*Access:*

Freely accessible

*Link:*

<http://externalization.worldbank.org/external/default/main?contentMDK=21119307&menuPK=2880787&pagePK=64691887&piPK=64691875&theSitePK=2880771>

## **ILO Bureau of Statistics**

*Description:*

The ILO publishes several statistics databases:

- 1.) LABORSTA: Covers official core labour statistics and estimates for over 200 countries since 1969. Also provides methodological descriptions of main national statistical sources.
- 2.) KILM: Published every two years since 1999, the KILM is a collection of 20 key indicators of the labour market, ranging from employment and variables relating to employment (status, sector, hours, etc.) to the lack of work and the characteristics of jobseekers, education, wages and compensation costs, labour productivity and working poverty.
- 3.) IPEC-SIMPOC: Provides access to a comprehensive compendium of child labour statistics and methodological guidance material. Processed child labour data can be accessed in the form of national child labour survey reports, statistical country-briefs and other resources derived from household-based SIMPOC surveys. A large number of micro-datasets are also available.
- 4.) CISDOC: Nearly 50,000 citations of documents on occupational health and safety: law and regulations, chemical safety data sheets, training material, journal articles, books and ILO conventions.
- 5.) ILOLEX: Full-text database of ILO conventions and recommendations, ratification information, comments of the Committee of Experts and the Committee on Freedom of Association, discussions of the Conference Committee, representations, complaints, General Surveys, and numerous related documents.
- 6.) LABORDOC: Labordoc, the ILO Library's database, contains references and full text access to the world's literature on the world of work. It covers all aspects of work and sustainable livelihoods and the work-related aspects of economic and social development, human rights and technological change. It includes books, articles, reports, and journals available at the ILO Library in Geneva and several ILO libraries around the world.
- 7.) NATLEX: Records in NATLEX provide abstracts of legislation and relevant citation information, and they are indexed by keywords and by subject classifications. Each record in NATLEX appears in only one of the three ILO official languages (English/French/Spanish). Where possible, the full text of the law or a relevant electronic source is linked to the record.

*Data Classification:*

Quantitative and Qualitative

*Access:*

Freely accessible

*Link:*

[http://www.ilo.org/global/What\\_we\\_do/Statistics/lang--en/index.htm](http://www.ilo.org/global/What_we_do/Statistics/lang--en/index.htm)

## **IMD World Competitiveness**

*Description:*

World Competitiveness is a field of economic theory, which analyzes the facts and policies that shape the ability of a nation to create and maintain an environment that sustains more value creation for its enterprises and more prosperity for its people. The IMD World Competitiveness Center's approach to world competitiveness is to analyze how nations and enterprises manage the totality of their competencies to achieve increased prosperity.

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://www.worldcompetitiveness.com>

## **Marquis Who is Who**

*Description:*

This database contains biographical information of leader and achievers from around the world in the areas of business, law, science, medicine, the arts, government and entertainment.

*Data Classification:*

Qualitative

*Access:*

VPN connection needs to be activated.

*Link:*

<http://www.eur.nl/ub/english/>

## **Mutual Funds Links**

*Description:*

Contains a link of identifiers of CRSP Mutual Funds data and the Thomson Financial CDA datasets.

*Data Classification:*

Quantitative

*Access:*

VPN connection needs to be activated. Mutual Funds Links is part of the Wharton Research Data Services (WRDS). After finding this database via <http://www.eur.nl/ub/english/>, you will be asked to provide your university email on the WRDS page. After providing it you will be sent a response which gives you access to Mutual Funds Links.

*Link:*

<http://www.eur.nl/ub/english/search/databases/bykeyword/?action=inhoudsbeschrijving&titelid=662>

## **Thomson Research**

*Description:*

Thomson research offers scanned reports: financial annual and quarterly and initial public offerings of corporations. Moreover, analyst research reports are available. In addition, Thomson One Banker is an interface to financial data time series from stock exchange listed corporations. The Deals Analysis module contains merger and acquisitions information and information about IPOs.

*Data Classification:*

Quantitative and Qualitative

*Access:*

VPN connection needs to be activated. Access the Thomson databases via the university library website (<http://www.eur.nl/ub/english/>). For more information on Thomson Research follow [http://www.eur.nl/edsc/english/get\\_started/annual\\_reports/](http://www.eur.nl/edsc/english/get_started/annual_reports/) and for Thomson One Banker

[http://www.eur.nl/edsc/english/get\\_started/thomson\\_modules/](http://www.eur.nl/edsc/english/get_started/thomson_modules/) .

*Link:*

<http://research.thomsonib.com/http://research.thomsonib.com/>

## **OptionMetrics**

*Description:*

Prices and volatility of American options.

*Data Classification:*

Quantitative

*Access:*

VPN connection needs to be activated. OptionMetrics is part of the Wharton Research Data Services (WRDS). After finding this database via <http://www.eur.nl/ub/english/>, you will be asked to provide your university email on the WRDS page. After providing it you will be sent a response which gives you access to OptionMetrics. For more information follow

[http://www.eur.nl/edsc/english/get\\_started/options/optionmetrics/](http://www.eur.nl/edsc/english/get_started/options/optionmetrics/) .

*Link:*

<http://www.optionmetrics.com/>

## **Orbis**

*Description:*

Orbis contains financial information of more than 79 million companies worldwide. Apart from annual report data it also provides data about CEOs, ownership, and mergers and acquisitions.

*Data Classification:*

Quantitative and Qualitative

*Access:*

VPN connection needs to be activated. Access Orbis via the university library (<http://www.eur.nl/ub/english/>). For more information follow

[http://www.eur.nl/edsc/english/get\\_started/annual\\_report\\_data/orbis/](http://www.eur.nl/edsc/english/get_started/annual_report_data/orbis/) .

*Link:*

<http://www.bvdinfo.com/Products/Company-Information/International/ORBIS.aspx>

## **Premium China Database (CEIC Data)**

*Description:*

The Premium China database contains macroeconomic, industrial, national and regional statistics of China.

*Data Classification:*

Quantitative

*Access:*

VPN connection needs to be activated. Access Premium China database via the university library website (<http://www.eur.nl/ub/english/>). You will be directed to the CEIC Data Manager which enables you to navigate the various statistics. On the left column chose China Premium database.

*Link:*

<http://www.ceicdata.com/China.html>

### **UnctadStat**

*Description:*

Provides statistical time series and indicators for the analysis of world trade, investments, international financial flows, and development.

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://unctadstat.unctad.org>

### **OECD iLibrary**

*Description:*

The OECD iLibrary is a convenient search engine for OECD books, papers, statistics, factbooks, and glossaries.

*Data Classification:*

Quantitative and Qualitative

*Access:*

Freely accessible

*Link:*

<http://www.oecd-ilibrary.org/>

### **Product Launch Analytics**

*Description:*

It informs about ca. 500,000 consumer packaged new product launches worldwide.

*Data Classification:*

Quantitative and Qualitative

*Access:*

VPN needs to be activated.

*Link:*

<http://db2.datamonitor.com/product-launch-analytics/powerSearch.aspx>

### **ProQuest Statistical Insight**

*Description:*

It is a database for working papers, position notes, reports etc. from international organizations and governments.

*Data Classification:*

## Quantitative and Qualitative

*Access:*

VPN connection needs to be activated.

*Link:*

<http://www.lnstatistical.com/Main.jsp>

## **RiskMetrics**

*Description:*

Provides a comprehensive database on corporate takeover defence strategies and a large array of corporate governance items.

*Data Classification:*

Quantitative

*Access:*

VPN connection needs to be activated. RiskMetrics is part of the Wharton Research Data Services (WRDS). After finding this database via <http://www.eur.nl/ub/english/>, you will be asked to provide your university email on the WRDS page. After providing it you will be sent a response which gives you access to RiskMetrics.

*Link:*

<https://roland.wharton.upenn.edu/demo/riskmetrics/index.shtml>

## **World Development Indicators Online**

*Description:*

The primary World Bank collection of development indicators, compiled from officially-recognized international sources. It presents the most current and accurate global development data available, and includes national, regional and global estimates.

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://data.worldbank.org/data-catalog/world-development-indicators>

## **CepalStat**

*Description:*

Provides data for the Latin Americas and the Caribbean in the following four themes:

- Demographic and Social Statistics and Indicators
- Economic Statistics and Indicators
- Environmental Statistics and Indicators
- Multi-domain Statistics and Indicators

*Data Classification:*

Quantitative

*Access:*

Freely accessible

*Link:*

<http://websie.eclac.cl/infest/ajax/cepalstat.asp?carpeta=estadisticas&idioma=i>

## **World Bank eLibrary**

*Description:*

Provides access to more than 6,000 ebooks, journal articles, and working papers published by the World Bank.

*Data Classification:*

Qualitative

*Access:*

Freely accessible

*Link:*

<http://elibrary.worldbank.org/>

## **Factiva**

*Description:*

Factiva contains business information about several major resources, like the Wall Street Journal, Financial Times, Dow Jones and Reuters newswires, Associated Press, Reuters Fundamentals, and the D&B company profiles. You can search by news source, company, topic, sector and region.

*Data Classification:*

Qualitative

*Access:*

VPN connection needs to be activated. The university only has a limited amount of simultaneous users. Thus, sometimes you might encounter difficulties accessing Factiva. You can try again after a short time.

*Link:*

Find Factiva via <http://www.eur.nl/ub/english/> and follow the link.

## **Maritime Databases**

### **Drewry**

*Description:*

Publishes Insights, Forecasters, Annuals, Spotlights, and Briefings in the following sectors:

- Chemical
- Container
- Cost
- Drybulk
- Ferry
- FFA's
- Finance
- LNG
- LPG
- Management
- Multipurpose
- Oil Tankers
- Ports & Logistics
- Reefer
- RoRo
- Shipbuilding

*Data Classification:*

Quantitative and Qualitative

*Access:*

Subscription only

*Link:*

<http://www.drewry.co.uk/publications/>

### **Box Trade Intelligence**

*Description:*

Provides comprehensive cost, revenue and profitability analyses for 20 global trade lanes based on detailed demand and supply data. Reports are offered in accordance with the following themes:

- Country Focus
- Regional Focus
- Commodity Focus
- Trade Lane Performance and Profitability

*Data Classification:*

Quantitative and Qualitative

*Access:*

Subscription only.

*Link:*

<http://www.boxtradeintelligence.com>

## **IHS Fairplay**

### *Description:*

One of the largest maritime databases in the world covering the following areas:

- Movement Information
- Ship, Ownership, Builder & Company Information
- Port Information
- Global Maritime Statistics & Forecasting Reports
- Practical Guides and Handbooks
- Maritime News & Analysis

### *Data Classification:*

Quantitative and Qualitative

### *Access:*

MEL has a subscription to the Fairplay Magazine. This entails access to the articles on Fairplay Magazine Online, as well as to download of current and past issues of Fairplay Magazine, and Fairplay Solutions. Ask the MEL office for further information.

### *Link:*

Fairplay Magazine Online: <http://www.fairplay.co.uk/>  
IHS Fairplay: [http://www.ihs.com/products/maritime-information/index.aspx?pu=1&rd=ihsfairplay\\_com](http://www.ihs.com/products/maritime-information/index.aspx?pu=1&rd=ihsfairplay_com)

## **Equasis**

### *Description:*

Equasis displays quality and safety-related information of the world's merchant fleet. This information is primarily provided by public authorities and industry organisations.

### *Data Classification:*

Quantitative and Qualitative

### *Access:*

Free registration online.

### *Link:*

<http://www.equasis.org>

## **Netpas**

### *Description:*

Develops software solutions port distances and vessel monitoring.

### *Data Classification:*

Quantitative

### *Access:*

Upon software purchase

### *Link:*

<http://www.netpas.net/>

## **ISC / ISF**

### *Description:*

Portal of the International Chamber of Shipping / International Shipping Federation. It provides generic information on maritime-related issues such as CO2 reduction, piracy, safety and regulation, shipping and world trade, careers at sea, and events in

the maritime world. Furthermore, useful links to various maritime organizations are listed.

*Data Classification:*

Qualitative

*Access:*

Freely accessible

*Link:*

<http://www.marisec.org>

## **Baltic Exchange**

*Description:*

The Baltic produces independent shipping market assessments. Using a panel of international shipbrokers, it provides daily assessments on over 50 dry and wet routes, weekly sale and purchase, and demolition assessments as well as daily forward prices. Thus, data among all the following can be found:

- FFA's
- Indices
- Fixtures
- Reports
  - o General
  - o Sugar
  - o Bunkers
  - o Containers

*Data Classification:*

Quantitative and Qualitative

*Access:*

Subscribers only

*Link:*

<http://www.balticexchange.com>

## **OSC**

*Description:*

OSC publishes specialized, individual reports. Their areas of expertise are in the following sectors:

- Container Shipping
- Port Development
- Shipyard and Newbuilding Studies
- Bulk Shipping Markets
- Cement Trade
- Shipping Liquid Bulk
- Passenger Shipping

*Data Classification:*

Quantitative and Qualitative

*Access:*

Purchase of individual reports

*Link:*

<http://www.osclimited.com>

## **Containerization International**

### *Description:*

Containerization International is one of the most comprehensive and extensive databases in the field of liner shipping. It provides daily news, a library of the print magazine, and quantitative data such as:

- Port rotation
- Frequency
- Day of calling
- Transit time
- Service partners
- Vessels deployed
- Service notes
- Terminal data
- Direct call services
- Throughput information
- Conference and Alliance statistics
- Fleet statistics and deployment
- Ship information
- Freight rates
- Corporate profiles

### *Data Classification:*

Quantitative

### *Access:*

The university library has access to the CI-online database. Ask at the information desk for the login.

Comment: You are only allowed to use the CI-online in the library.

### *Link:*

<http://www.ci-online.co.uk>

## **ISL**

### *Description:*

ISL provides an extensive database (ISL-SEABASE) of more than 100,000 bibliographic records in the maritime field. This concerns:

- Books
- Market studies
- Research and conference reports
- Economy statistics
- Business and annual reports

### *Data Classification:*

Qualitative

### *Access:*

VPN connection needs to be activated.

### *Link:*

<http://www.isl.org/library/index.php?lang=en>

## **Clarkson Research**

### *Description:*

Clarkson's Shipping Intelligence Network (SIN) contains the full range of information including downloadable versions of its periodicals, extensive lists and

analyses of the fleet and orderbook and thousands of time series and graphs of key maritime information. In broad terms information is provided in the following areas:

- Publications
  - o Shipping Intelligence Weekly
  - o World Shipyard Monitor
  - o Dry Bulk Trade Outlook
  - o Container Intelligence Monthly
  - o Shipping Review and Outlook
- Markets
- Register
  - o Individual ships data
  - o Owner data
  - o Shipbuilder data
- Time series and graphs
  - o Fleet developments and changes
  - o Shipbuilding data
  - o Economic and financial data

*Data Classification:*

Quantitative and Qualitative

*Access:*

MEL holds access to SIN. Upon request in the MEL office.

*Link:*

<http://www.clarksons.net/sin2010/>

## **Journal of Commerce**

*Description:*

Provides news for the following areas:

- Maritime
- Trucking
- Rail & Intermodal
- Air & Expedited
- Government & Regulation
- Logistics & Economy

*Data Classification:*

Qualitative

*Access:*

The university library has access to the Journal of Commerce. Ask at the information desk for the login.

Comment: You are only allowed to browse the Journal of Commerce in the library.

*Link:*

<http://www.joc.com/>

## **AXSMarine**

*Description:*

Provides interactive decision-making tools and databases in the following categories:

- AXSDry: Vessel Manager, Voyage Calculator, Cargo Manager, Fixtures, Port Library, Distance Table and Indices for the dry bulk sector
- Alphaliner: Daily News, Weekly Newsletter, Market Reports, Vessel Orderbook, Sales & Deliveries, Fixtures, Owner/Operator Details, Vessel Deployment, Services & Rotations, and Top100 for liner shipping

- AXSS&P: Vessel Technical Databases & Commercial Histories, Data-migration, Sales, Valuation, Enquiry, Commercial Advice, Market Summary, and Commitments
- AXSTanker: Real-Time Position Lists, Tanker Registry, Distance Tables, and Voyage Calculator

*Data Classification:*

Quantitative and Qualitative

*Access:*

Subscribers only

*Link:*

<http://www.axsmarine.com>

### **Maritime Database**

*Description:*

Provides links to maritime-related companies.

*Data Classification:*

Qualitative

*Access:*

Freely accessible

*Link:*

<http://www.maritime-database.com>

### **World Port Source**

*Description:*

World Port Source compiles publicly accessible seaport information.

*Data Classification:*

Qualitative

*Access:*

Freely accessible

*Link:*

<http://www.worldportsource.com>
